Two Conference Tracks (up to 12 PDH credits)

Track 1: On-Site Utility Sustainability: Energy & Cooling Water Conservation

Receive actionable project ideas on how to reduce the water and energy consumption of your plant. Learn technology deployment strategies from leaders of associations like the Compressed Air & Gas Institute. Meet experts who can answer questions regarding system automation, measurement and monitoring to verify energy savings.

Track 2: On-Site Utility Reliability, Safety and Quality

Learn techniques to improve production up-time with high-quality and reliable on-site utilities. Receive maintenance checklists and training to maintain required pressures and flows. Learn technology deployment strategies from leaders of associations like the Cooling Technology Institute.

Venue-Hotel-Travel

The modern Cobb Galleria Centre in Atlanta will host the EXPO & Conference. Located at 2 Galleria Pkwy SE, Atlanta, it is a convenient 20 minute drive from Atlanta Hartsfield-Jackson International Airport.
